The Walk with Jesus was a success. On Sunday, more than 1,000 people

attended the Walk with Jesus sunrise service on the BB&T main campus.

Then, using about 12,000 pieces of chalk, they handwrote nearly 1,300 of the assigned 1,332 passages and title squares of the 27 books and 800,000 characters

of The New Testament. Covering 45,000 square feet of concrete over 11 city blocks, participants wrote Scriptures in yellow, red, green, pink, blue and orange, so it could be read by anyone who walked by – anyone who walked with Jesus.
